Together we're making a difference!

“Superkids Camp – we have a blast!”

If a child could design a perfect summer, it would probably include plenty of playmates and new things to do everyday, and a place to cool down when the summer sun gets too hot.

Year after year kids discover perfect summers at our five-day over-night adventure at Camp Barnard in Sooke. The kids will learn more about themselves, their environment and how to get along as a group. Camp broadens skills and often taps into resources the children have never had to call on before. They will learn to get along with new types of people. The mandate of our ministry is focused on developing our future leaders in a way that not only appeals to our children, but also helps them make choices that lead to productive lifestyles.

In addition to the social benefits, five days spent in the mountains in a rustic cabin along a private lake on 300 acres of land will heighten the children's awareness of the relationship between humans and nature. The campers get really excited about the time they get to spend outdoors, enjoying action-packed days filled with games, fun and a host of other outdoor activities. We add scripture teachings, worship and chapel to the program. Many leave with a greater connection to the Lord, as he blesses each child – as well as the staff – in a unique way. ❤️
